

Retainer Service Plans

Sage Computing offers three pre-paid retainer service plans. As the number of service hours prepaid increases, so does the applicable discount. The fees below are calculated using our current base service rate of \$80 per hour.

Retainer Service Levels

Plan	Qty Prepaid Hours	Discount	Cost
1	10	10%	\$ 720
2	20	15%	\$ 1360
3	30	20%	\$ 1920

Hours purchased on a Retainer Service Plan may be applied to any labor charges billed at an hourly rate. They may not be applied to jobs which are bid or under contract at a flat fee.

Retainer Service Plans must be purchased and paid for prior to any work performed to be covered by the plan.
